Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows to correct a spelling error:

-Claim 25, line 12: "fibbers" has been changed to -fibers-.

3. The following is an examiner's statement of reasons for allowance:

U.S. Patent No. 5,248,424 (hereinafter referred to as Cote et al '424) is considered the closest prior art to the claimed inventions. Cote et al '424 teach a frameless array of hollow fiber membranes wherein fibers are extended between a pair of headers and the terminal end portions of the fibers are potted and gas distributor means are provided (see abstract). However, Cote et al '424 do not teach or suggest "said fibers, said headers and said permeate collection means together forming a **vertical skein** wherein said fibers are **essentially vertically disposed** and terminal end portions of individual fibers are potted in proximately spaced-apart relationship in cured resin; said first header being upper and disposed in **vertically spaced-apart relationship above said second header, with opposed faces at a fixed distance**; each of said fibers having substantially the same length, **said length being from 0.1% to less than 5% greater than said fixed distance so as to permit restricted displacement of an intermediate portion of each fiber, independently of the movement of another fiber**" as recited in each of independent claims 1, 10, 23, 25-26 and 29. The specification compares the claimed apparatuses over those of Cote et al '424 and describes the unexpected advantages over the apparatuses of Cote et al '424 (see col. 2, lines 5-59). Declarations of Henry Behmann, Mailvaganam Mahendran and

Art Unit: 1723

Steven Pedersen (see Paper No. 7 of the U.S. Patent No. 5,639,373) further show the unexpected advantages over the apparatuses of Cote et al '424.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
